

Announcement

2nd July 2024

We are pleased to announce the commencement of our Family Takaful operations. Having served the people for twenty years, this strategic expansion into the high-demand family takaful market underscores our commitment to meeting the diverse needs of our valued customers. By leveraging our existing market leadership in takaful operations, we aim to provide comprehensive family protection plans that align with our principles of mutual cooperation and shared responsibility.

This new venture not only enhances our service offerings but also contributes to the economic development and financial stability of our community. We are dedicated to delivering exceptional value and supporting the well-being of our customers through innovative and ethical financial solutions.

We are delighted to have received approval from the Maldives Monetary Authority (MMA) to commence this operation, further solidifying our commitment to regulatory compliance and excellence in service.

Thank you for your continued trust and support.

End.
